

**New regulation of insurance intermediation  
from 1 January 2024**

**Updated information on  
[www.finma.ch](http://www.finma.ch)**

Updated: 9 January 2024

## 1 Updated information on the regulation of insurance intermediation

**Insurance intermediation in Switzerland was subject to new regulation from 1 January 2024. This document is intended to inform you about updates to the relevant information on the [FINMA website](#).**

On 1 January 2024, the revised Insurance Supervision Act (ISA) and the revised Insurance Supervision Ordinance (ISO) entered into force. The new regulation increases the requirements for insurance intermediation and introduces new criteria for supervision by FINMA. As an insurance intermediary, you must take action. Since 1 January 2024, only insurance intermediaries who meet these increased requirements are authorised to operate in the Swiss insurance market.
